Education

University of Houston

Master of Science in Computer Science

August 2025 - May 2027

Houston, TX

University of Houston

Bachelor of Science in Computer Science (GPA: 3.6 / 4.00)

August 2022 - December 2024

Houston, TX

- Dean's List, 2023-2024

Skills

Programming Languages: Python, C++, Java, PHP, JavaScript

Tools & Technologies: HTML, CSS, Nuxt, Vue, React, SQL, PostgreSQL, ChromaDB, PgAdmin, R-Studio, HPSS, LLM, NLP, Database Management Systems, Git, Pandas, Android, iOS, Linux, MacOS, 3D Printing, Jupyter, MS Office

Languages Spoken: English, Urdu, Punjabi, Pashto, Hindi

Experience

Team Sales Lead

Rally House

April 2025 - July 2025

Houston, TX

- Led and motivated a team of associates to meet daily sales and customer service goals, and supported store leadership with operational tasks.
- Delivered exceptional customer experiences through personalized service and product knowledge.

Summer Research Fellowship, University of Houston

Research Assistant, Dr. Weihang Zhu

May 2024 - August 2024

Houston, TX

Offshore Crane Safety Data Analysis with Text Mining

- Awarded a **\$5,100** grant to develop a virtual assistant/chatbot focused on analyzing crane incidents using Python, PHP, PostgreSQL, ChromaDB, Excel, and Large Language Models (LLMs).
- Developed applications for interactive NLP-driven question identification and batch data processing/analysis, creating an interface for users to ask questions with background information and receive contextually relevant answers, while also automating workflows and extracting actionable insights from a total of **2,000** datasets related to crane incidents in the United States.

Coding Instructor

Code Ninjas

January 2024 - May 2024

Houston, TX

- Experienced coder and educator teaching coding to children aged 8-16 using Microsoft MakeCode, Python, and JavaScript.
- Engaged students by building interactive learning environments, demonstrating in-depth knowledge of coding principles to foster interest and comprehension of coding concepts.

E-Commerce Personal Shopper

Walmart

March 2020 - October 2022

Houston, TX

- Verified quality and accuracy of picked items, prioritizing both customer order accuracy and product delivery excellence.
- Answered customer inquiries and requests to make sure needs are met, and customers are happy and satisfied.

Projects

Aircraft Trajectory Optimization | Python, NumPy, SciPy, CasADi, IPOPT

February 2026

- Modeled and optimized aircraft climb trajectory using nonlinear ODEs and constrained optimization (SciPy, CasADi, IPOPT), improving convergence and fuel efficiency by comparing shooting and direct collocation methods.

TaskIQ | React, Python, Streamlit, Ollama (Mistral), OpenAI SDK

June 2025

- Project management web app using a locally deployed large language model (LLM) to predict coding task duration, complexity, and implementation steps.

CoogEsports Website | Nuxt.js, Vue.js, Tailwind CSS, PostgreSQL

December 2024

- Developed full-stack features for the CoogEsports website using Nuxt.js, Vue.js, and Tailwind CSS, enhancing user interface, optimizing performance, and ensuring seamless integration with backend services.

Future House Pricing Predict | Python, XGBoost, MLPClassifier, LogisticRegression, Google Colab

December 2023

- Developed a model to forecast residential property values in the United States, utilizing comprehensive real estate data, focusing on the Houston market. Conducted a comparative analysis, utilizing thousands of data points, to evaluate cost of living in Houston relative to national averages.

EnergyRate Navigator | Laravel, PHP, MySQL, HTML, CSS, JavaScript

July 2023

- Built a fuel rate prediction application, proposing a web-based application following a client structure architecture. The application includes a Home Page UI, Template, Login, Dashboard UI, Database Backend Work and Fuel Quote Form.

Leadership

President

Coog Esports, University of Houston

January 2024 - December 2024

Houston, TX

- Led largest student club; organized major events such as CougarCon, attracting 2,100 attendees.
- Built strong networks with companies including Red Bull, Monster, and TDECU, fostering partnerships and opportunities.
